

## Syble Vermillion

Our attendance has been down because some of our regular ones have had surgery and are dealing with sickness. However, we have a new family who are enthusiastic about building the church. For the last few weeks, we have been studying the Articles of Faith, so that we know what we believe. On Thursday nights, we continue our Navajo Bible studies with people from other churches attending.

We are making summer plans which we hope will help us get in more people. A revival is planned which will have Navajo singing and preaching. Two camps are planned. Hopefully, we can work in one or two VBS's.

Thanks for your support and prayers!
